

Course TITLE: Regional Integration in Asia 2018

Instructor: Ma. Angela Josefa G. Pioquinto

Title/Position : Head, International Relations and Linkages Office

Institution : Camarines Norte State College Daet, Camarines Norte, Philippines

Course Overview:

The Regional Integration in Asia (RIA) course is originally a course from the Asian Institute of Management through their program director Prof. Federico Macaranas, that has been offered for the past 15 years, and that the applicant faculty lecturer and currently the Head of International Relations and Linkages Office, Ma. Angela Josefa G. Pioquinto, was very fortunate to attend last October of 2017.

The RIA 2018 course relates to the needs of universities/colleges in the globalized world economy. It seeks to open the minds of students, faculty and administrators alike on the complexity of cross-border education, especially to explore new forms of cooperation to strategically position the organization/academic institution to meet the challenges of the 21st century.

The course/program contains:

- environmental scanning of the regional environment in Asia by using VUCA (volatility, uncertainty, complexity, ambiguity) analysis.
- Mobility of programs
- Mobility of Students, faculty and staff
- Mobility of institutions
- Chaos-based SWOT Analysis
- Assessing value propositions
- Redefining strategic positioning to ensure sustainability and growth of students and educational institutions.
