

Course TITLE: SOCIAL PSYCHOLOGY

Instructor: Enrico Tañedo

Title/Position : Associate professor 4

Institution : Tarlac State University

Course Overview:

The course is a comprehensive study on basic principles and concepts involved in identifying man as a social being – how he thinks, feels and behaves towards others. It includes man’s social perception – that of knowing himself and others as he is being influenced by others, his culture and other environmental factors in the course of his social interaction.

This course is suggested to be delivered through Team Teaching method. The faculty from other countries may be invited to be part of the Teaching Team and share their knowledge of the culture of their respective countries.
